

NESSA PROGRESS REPORT

PROGRAM OVERVIEW

Service First Processing (SFP) and The New England Sanitary Supply Association (NESSA) began the merchant processing program for members in August 2015. This program was set up to offer members and vendors a choice between their current processors and the NESSA/ SFP program.

MEMBER RESPONSE

- Of the members that we have contacted, **8** locations have provided statements to SFP for analysis.
- Out of the **8** statements we have evaluated, **3** have enrolled in the SFP program which represents a **38%** member participation rate thus far.

COST SAVINGS

- **100%** of NESSA members statements evaluated showed savings with the SFP program.
- The average cost savings for NESSA members is currently **13% or \$4,251** per year.
- The combined savings for NESSA members is **\$13,739** per year*.

** estimates are generated on the creation date of this report*
